CAREMA®

Lime-clay plaster with naturally-hydraulic lime

The perfect interior plaster for ecological construction and building conservation

CAREMA® by OTTERBEIN is:

✓ highly-permeable and humidity-regulating

Your benefits:

- CAREMA® has a special pore structure making it highly-permeable.
- CAREMA® naturally regulates the room atmosphere and, thus, ensures a pleasant sense of comfort.
- CAREMA® is proven to bind pollutants and odours from ambient air.

✓ aesthetic and long-lasting

Your benefits:

- CAREMA® uniquely combines the natural characteristics of lime and clay.
- CAREMA® has the surface strength of a lime plaster while providing the warm, natural colour of a clay plaster. An additional coat of paint is not really necessary.

✓ produced using natural and environmentally-friendly processes

Your benefits:

- CAREMA® is made from natural raw materials.
- All raw materials used in CAREMA® are perfectly matched.
- CAREMA® is a natural and environmentally-friendly building product.

✓ prevents moulds and micro-organisms

Your benefits:

- The high alkalinity and breathability of CAREMA® means that mould fungus cannot survive.
- CAREMA® ensures an indoor atmosphere low in allergens which increases the quality of living conditions.

With the high-quality and environmentally-friendly CAREMA® lime-clay plaster, OTTERBEIN provides the perfect solution for optimal comfort in all of your rooms.

The particular material characteristics of CAREMA® make it an ecologically-sound premium wall covering which keeps its promise over its entire life.

„The combination of function and aesthetics excels in the design of individual spaces.“

Gerhard Buchenau,
Conservator and Head of the Conservation Department of the Claus Ellenberger Bau GmbH in Herleshausen, Germany

CAREMA® for a healthy room climate

Quality of life is the sum of numerous positive factors. Healthy living in a pleasant ambient is one of them.

Thanks to its outstanding properties, CAREMA® by OTTERBEIN will provide a natural balance in your living space as well.

The result – a feel-good atmosphere that you will enjoy with every breath.

CAREMA® is perfectly suited for new and old dwellings and for use in listed buildings. Thanks to its natural and long-lasting properties, CAREMA® is one of the most efficient lime-clay plasters available and is a great investment towards the preservation of your home's value and your health.
